

Product Sheet

Trip Planner

The Trip Planner Widget is an all-in-one solution designed to enhance the travel planning experience. This tool provides users with comprehensive information on what to see, do, and enjoy in various destinations through enriched content.

Benefiting Businesses & Users

For Users:

The use of Trip Planner in your web will provide travelers a smooth, hassle-free planning experience with tailored suggestions thanks to **up-to-date information** about restaurants, points of interest, activities like concerts, exhibitions or local activities and more to help them make the most of their trip.

For Businesses:

- Increases **user engagement**.
- Higher **conversion rates**: more time on page and interactions.
- **New revenue streams** through strategic monetization during trip planning phases.
