

Travel Requirements

Digital Travel Requirements solution

Product Sheet

Make Travel Stress-Free

A traveler-specific advisory hub with travel requirements, necessary documentation, visa information, health requirements and more.

What is used for

Ensure your travelers are prepared for their trip by providing clear and structured details on existing travel requirements, current advisories, and required documentation according to global official sources. Everything travelers need in one place.

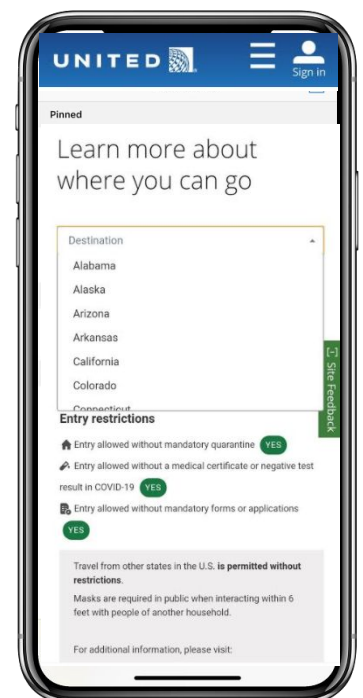

INNOVATION

| AI TECHNOLOGY

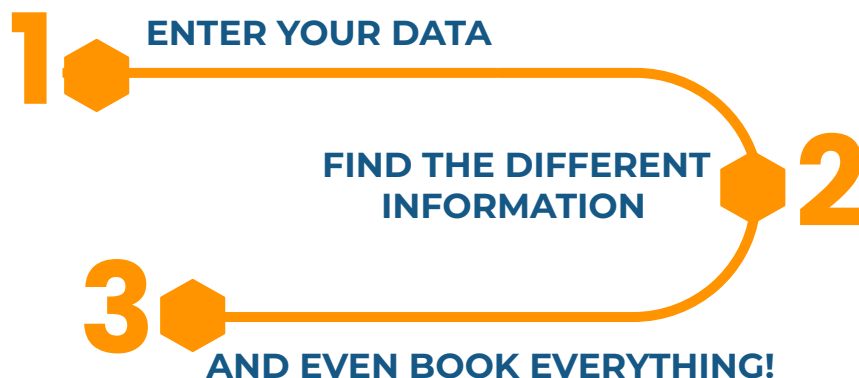

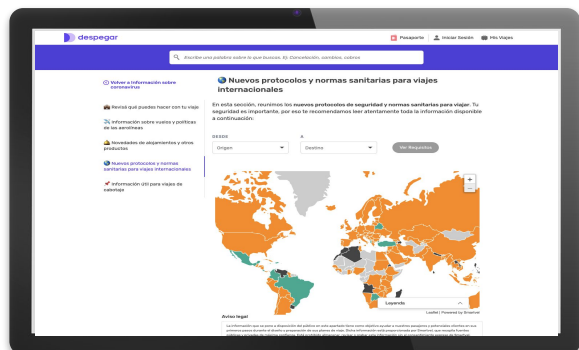

| HUMAN TALENT

Product Functionalities

- **All travelers' need in ONE PLACE**
 - Travel Documentation
 - Visas
 - Health requirements
- **Individualized Response:** Results based on origin, destination, nationality, residence and vaccination status.
- **AI monitoring to detect changes in regulations:** Our unique technology monitors hundreds of global official sources to detect changes in travel requirements, alerting our teams to update the content in just a few minutes.
- **First class partnerships:** IATA, Zamna, Everymundo, XCheck and iVisa give us the perfect content to help you convert and engage your customers.
